Professional Summary

Passionate MCA student with hands-on experience building full-stack web and mobile applications using Python, FastAPI, React, JavaScript and SQL databases. Developed real-world transport management software with authentication, REST APIs, responsive UI, Git-based workflows and deployment.

Technical Skills

Python • FastAPI • React • JavaScript • HTML • CSS • SQLAlchemy • SQLite • PostgreSQL • Git • GitHub • REST APIs • Azure Basics • AWS Basics • Postman

Education

MCA - Sanjay Ghodawat University
B.Sc. Computer Science - The New College, Shivaji Peth, Kolhapur

Projects

- Golden Transport System – Full-stack transport management platform.
- Personal Portfolio Website – Responsive portfolio with animations.
- Parking Slot Management System.

Achievements

Built and deployed backend APIs, implemented authentication, database integration, modern UI, version control and cloud fundamentals.

Career Objective

To begin my software engineering career in a challenging organization where I can contribute, learn modern technologies and build scalable applications.

Current Learning

Advanced React, FastAPI architecture, DSA, SQL optimization, Cloud Computing and System Design.

Strengths

Quick Learner • Problem Solving • Teamwork • Communication • Adaptability • Self-Motivated

Languages

English, Hindi, Marathi

Interests

Software Engineering, AI/ML, Backend Development, UI/UX, Cloud Computing, Football, Cricket
